Teens Teaching Tech
Due Friday, December 3, 2021

We will use the following criteria to give feedback:
1. Succinct: Brief outline of the topic, to the point
2. Time Limit: 3-6 minutes is preferred, can be up to 10 minutes
3. Effectiveness: Is it easy to comprehend?
4. Creativity: Is it fun to watch? Does it include interesting examples?

Videos should follow the basic structure below:
1. Statement of the topic or lesson
2. Brief overview of the problem
3. Walk through or present the solution
4. Summarize what we learned

Some optional but encouraged additions:
1. Show an example: either real life examples or simplified
2. Share resources for further research: website, readings, video, etc.

Some Examples:
1. Physics Girl: https://www.youtube.com/watch?v=HrduBZ319XI
2. Coding Train: https://www.youtube.com/watch?v=c3TeLi6Ns1E
3. Great Big Story: https://www.youtube.com/watch?v=1Wi2A8la3VQ
4. ColorCode: https://www.youtube.com/watch?v=N39fYbI6x84
